MOELLER STONE CARE

PRODUCT SPECIFICATION

HMK® R155 - INTENSIVE CLEANER - acid free

- Superior cleaner for all natural and artificial stone surfaces.
 - Especially suitable for polished marble and granite.
- Removes general construction dirt, emulsion paint, wax coatings and film built up from regular cleaning products.
 - The stones' natural polish is unaffected.

HMK® R155 is a special concentrated cleaner for removing general construction dirt, emulsion paint wax coatings and residual film built up from regular cleaning products as well as oil, grease and light cement film from all natural and artificial stone surfaces. For interior and exterior use. HMK® R155 has been specially developed for use on polished and fine honed marble, limestone and travertine.

Instructions: If under floor heating exists, switch it off and allow the surface to cool. Apply HMK® R155 diluted with water (1:2 to 1:10) depending on the intensity of the dirt. Use a scrubbing brush, stiff hand brush or suitable pad to work the HMK® R155 into the surface. Leave for around 10 minutes but do not allow to dry, scrub the area again and remove the dirty liquid. Afterwards rinse the area thoroughly with clean water. Repeat the procedure as necessary. For stubborn stains, HMK® R155 can be used undiluted. For periodic refreshing of surfaces and to remove protective films use HMK® R155 diluted about 1:20.

When using a wet vacuum we recommend that you add HMK® Z702 Defoamer to the water to regulate the amount of foam.

Important: Do not apply in direct sunlight. Do not apply on plastic, polished or waxed wood and lacquered areas. If these areas are splashed, remove splashes immediately and rinse thoroughly with clean water.

Coverage: About 5-30 m² per litre.

Warning: Chemical product. Non-flammable, non-toxic, no fumes, mild odor. Keep out of the reach of children. See Material Safety Data Sheet for more detailed information.

Packaging: 12 x 1 litre bottles/box; 2 x 5 litre cans/box; 2 x 10 litre cans/box.

Storage: Store in cool place.

Testing: Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. Do not use the product in temperatures below 12° and above 25°C.

Limitation of liability: The liability of HMK® Moeller Stone Care for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care shall not be liable for any consequential damages. No other warranty or representation is made or implied.
