# MOELLER STONE CARE

## PRODUCT SPECIFICATION

### HMK® P337 - ANTIQUE MARBLE FINISH WAX

- **Special finish treatment for marble, travertine and limestone previously treated with P335 Antique Marble Paste - light or P336 Antique Marble Paste - dark.**
  - **Enhances and protects the antique and rustic appearance.**
    - **Reduces the penetration of water and dirt.**
      - **For interior use only.**

HMK® P337 is a ready to use finish wax that enriches the color and structure of honed, tumbled, sandblasted, bush-hammered, riven and textured marble, travertine and limestone floors, fireplaces etc... that have been previously treated with HMK® P335 Antique Marble Paste - light or HMK® P336 Antique Marble Paste - dark. HMK® P337 makes subsequent cleaning and on-going maintenance easier. HMK® P337 is environmentally friendly and produced from natural waxes to give protection and a silky shine. For interior use only.

**Important:** HMK® P337 Antique Marble Finish must follow the application of HMK® P335 Antique Marble Paste - light or HMK® P336 Antique Marble Paste - dark!

**Instructions:** If under floor heating exists, switch it off and allow the surface to cool. Ensure the area to be treated is clean and dry (max. residual moisture of 4-6%) and adjacent surfaces are protected. Shake well before use! Apply using a lint-free cotton cloth thinly and evenly and rub in gently and allow to dry. Very absorbent surfaces may require a second coat. Once fully dry buff the surface either by hand using a soft cloth or with a floor polishing machine using a lambswool bonnet. To maintain the appearance, repeat the treatment in accordance with usage but at least once per year. For ongoing maintenance use HMK® P324 Liquid Stone Soap, a no-rinse natural product.

**Coverage:** About 5-15m<sup>2</sup> per litre.

**Warning:** Chemical product. Flammable. Contains Turpentine Substitute. Keep away from heat, sparks and flame. Harmful or fatal if swallowed or inhaled. Ensure room is adequately ventilated during application. Avoid eye and skin contact, breathing vapour or mist. If exposed, wash/flush with water and seek medical attention. Keep container closed and out of the reach of children. Do not walk on the treated surface until the procedure is completed. Do not apply to rubber, plastic, lacquered and solvent-intolerant surfaces. See Material Safety Data Sheet for more detailed information.

**Storage:** Store in a cool place.

**Packaging:** 12 x 1 litre bottles/box; 2 x 5 litre cans/box.

**Testing:** Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. Do not use the product in temperatures below 12° and above 25°C.

**Limitation of liability:** The liability of HMK® Moeller Stone Care for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care shall not be liable for any consequential damages. No other warranty or representation is made or implied.
