# MOELLER STONE CARE

## **PRODUCT SPECIFICATION**

**HMK® P319 - MARBLE AND GRANITE POLISH**

- Care emulsion for all fine-honed and polished natural and artificial stone surfaces.
    - Gives the floor a brilliant shine and reduces the penetration of dirt and water.
      - For interior use only.

HMK® P319 is a concentrated wax based treatment for fine-honed and polished marble, limestone, granite, slate and artificial stone floors that the surface provides ongoing protection. HMK® P319 gives the floor a brilliant shine and reduces the penetration of dirt and water. If used regularly HMK® P319 reduces the visibility of marks caused by everyday use. For interior use only. Do not use in wet areas such as shower cabins.

**Instructions:** If under floor heating exists, switch it off and allow the surface to cool. Clean the surface thoroughly and let it dry (max. residual moisture of 6%). Shake well before use. Apply for the first time diluted 1:20 with warm water. Apply a thin and even layer using a soft white cloth, sponge, or flat wash mop and massage gently into the surface. Allow to dry and then buff by hand with a soft cloth, by machine with a lamb's wool bonnet, using a regular floor machine (175-1500 rpm with white/tan polyester or lambswool pad).

**Important:** Do not walk on the treated surface until completely dry, around 50-60 minutes.

The shine is maintained for longer if you occasionally add 100-200ml of HMK® P319 for every 10 liters of warm water and buff the surface again once dry.

To clean the surface prior to application and for periodic refreshing of the surface use HMK® R155 Intensive Cleaner - acid free to remove the old HMK® P319.

For regular cleaning and continued protection use HMK® P324 Liquid Stone Soap, a no-rinse natural product.

**Coverage:** About 150-250 m<sup>2</sup>/litre.

**Warning:** Chemical product. Keep out of reach of children.

**Packaging:** 12 x 1 litre bottles/box; 2 x 5 litre cans/box; 2 x 10 litre cans/box.

**Storage:** Store in a cool place but keep safe from frost.

**Testing:** Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. Do not use the product in temperatures below 12° and above 25°C.

**Limitation of liability:** The liability of HMK® Moeller Stone Care for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care shall not be liable for any consequential damages. No other warranty or representation is made or implied.
